### Company Policy

**ATTENTION:** You'll get attentive, informed, person to person service whether you're placing an order or making an inquiry. Our customer service representatives will serve you promptly, efficiently and courteously. We stand firmly behind the Ocelco name.

**TERMS:** Our terms are **NET 45 DAYS, 2% discount if paid within 30 days** (excluding Credit Card payments & freight is NOT discountable) on all new and current accounts. Payment In Advance if not current. Payments become due 45 days after the invoice date, if the order is complete or not. Shipments will be held if an account contains invoices over 45 days past due. The account will go on permanent Payment In Advance when there is a history of past dues. All items sold on open accounts are secured items until paid in full. Third party collection fees and legal fees must be paid in full before an account can be reopened. \$30.00 NSF Fee will be charged on all returned checks

**FREIGHT:** Freight will be prepaid and added to your invoice. Freight charges are part of your invoice and are due accordingly. Freight charges are not discountable.

**PROOF OF DELIVERY:** Ocelco will provide proof of delivery at your request. The fee for proof of delivery is \$15 if the customer received the package, no charge if it was lost in delivery. Be absolutely sure you did not receive the package before calling for proof of delivery.

**PRICES:** All prices are subject to change without notice. Prices reflect single unit cost, except where noted, no quantity discounts allowed. In the past, 95% of our prices remained in effect for more than one year. However, there may be price changes in accordance with our suppliers.

**MINIMUM ORDER:** No Order is too small.

**RETURNS:** No item will be accepted for return after 15 days from date of purchase. All returns must be labeled with a return authorization number which can be obtained from our customer service department. Claims for shortage, breakage or any other reason must be made within 48 hours of receipt. Shipping containers must be kept if shipment is damaged or short. All returns are subject up to a **35% restocking fee**. The customer is responsible for all freight charges incurred.

**CANCELLATION CHARGES:** Orders may be canceled without charge providing your request is received prior to shipment. If the merchandise has been shipped there will be up to **35% restocking fee**, plus all freight charges incurred. Please get cancellation conformation to avoid these charges.

**OTHER ORDER INFORMATION:** We reserve the right to split shipments. We sell on first come first serve basis. Where available, substitutions will be shipped if the product ordered is not available or discontinued.

## Hot Button Instant Hot Compress

The re-usable Hot Button hot pack instantly becomes hot once the button inside the pack is activated. The pack remains hot for at least 30 minutes. Re-usable pack is "recharged" and made ready for a future activation by boiling it for approximately 10 minutes. The activation and recharging of a pad can be repeated at least 100 times. The Hot Button contents are not harmful; they are common non-toxic food additives. Activate pad by gently flexing disk within the pad back and forth until pad starts to crystalize; pad will heat to approximately 130 degrees F (54 degrees C). For cold pack refrigerate do not freeze.

## Side Loading Acrylic Glove Box Holder

Using protective latex, nitrile or other types of gloves has become part of our lives, not just in the lab. You'll see gloves in people's homes, day care centers, garages (yes, mechanics use them to keep their fingers from turning black with engine dirt), restaurants and schools to mention just a few. These particular holders offer good looks with function. They are a crystal clear acrylic, mount in any direction and can be top or side loaded making them versatile and flexible for use in many situations. The 3/16" acrylic is strong and durable to give years of service.

## Puttycise TheraPutty Tools

There's a new twist in hand therapy. Puttycise is great for use with Theraputty to increase function and versatility. The knob turn is meant to simulate opening a door, tightening a jar, pushing a lid onto a container, tightening a valve, holding a glass of water and opening makeup containers.

The L-bar is meant to simulate opening a door, tightening a jar, pushing a lid onto a container, tightening a valve, holding a glass of water and opening makeup containers. Made of durable plastic.

The peg turn is meant to simulate turning a bolt or nut, pushing a button, picking up a pen, holding a straw and tightening a small knob.

The key turn is meant to simulate turning a key, holding onto a paper folder, throwing a frisbee, holding a clothespin open and pinching someone.

The cap turn is meant to simulate opening or closing a water bottle, turning on a stove or tightening a large bolt. Made of durable plastic.

## CanDo SoftGrip Hand Weights

Use the comfortable CanDo SoftGrip hand weights instead of dumbbells. The product was developed by a patient during a physical therapy session. She was having difficulty grasping the 2 pound dumbbell prescribed to her as her hand was too big. She wanted something that would conform to her grasp, be comfortable and unthreatening. SoftGrip hand weights are also great for light workouts and for the arthritic patient.
